Subject: SFY 2016 Draft CA amendment requests
Attachments: CORE SFY 2017 042016 Draft.xlsx; MSCA MA Bulk SFY 2017 042016 Draft.xlsx; MSCA Special 2017 042016 Draft.xlsx

Danette,

Attached are DEQ's draft funding request budget spreadsheets by site for CORE, Bulk Management Assistance and Special Account Management Assistance. Tom is continuing to review the narratives and will send those by separate email.

The CORE request is \$180,000.

The Bulk MA request excluding PA/SI is \$314,223 reduced by carryover of \$168,000 for a net request of \$146,223. This carryover includes the award of \$126,296 dated 3/29/2016.

The PA/SI request included under the Bulk MA agreement is \$24,222 less carryover of \$23,000 for a net request of \$1,222.

The Special Account MA request is \$654,425 reduced by carryover of \$165,300 for a net request of \$489,125.

We also intend to make a request for funding under the Basin Lease Agreement V-98881702 but the request amount is not yet finalized.

We also intend to make a Bulk Account Technical Assistance funding request for continued USGS support at Upper Tenmile. Again this is still under review, but the draft I have seen shows the request for USGS as \$88,000. There may be other Technical Assistance requests that I have not yet been made aware of.

Please let me know if you have questions or I can provide additional information. As the other requests are finalized, I will get drafts to you for review prior to submission thru grants.gov.

Thank You

Russ Rowsey
